Nature's Benefits in Kenya

An Atlas of Ecosystems and Human Well-Being

World Resources Institute

Department of Resource Surveys and Remote Sensing, Ministry of Environment and Natural Resources, Kenya

Central Bureau of Statistics, Ministry of Planning and National Development, Kenya

International Livestock Research Institute

World Resources Institute: Washington, DC and Nairobi

PHOTO CREDITS

Cover

Rural landscape in Olepolos, Rift Valley with acacia tree and maize plot.

Dreamstime.com / Josiah J. Garber

Young Maasai with goat.

ILRI / Stevie Mann

A farmer in Nyeri holding a bunch of carrots in her hands.

IFAD / G. Pirozzi

Schoolchildren at elephant sanctuary.

Fred Hoogervorst

A boy in western Kenya holding his baby brother.

IFAD / S. Nimeh

Chapter 1 Ecosystems and Ecosystem Services

New farmland in former wetland close to Amboseli National Park.

Jeffrey S. Worden

Chapter 2 Patterns of Poverty and Human Well-Being

A boy in western Kenya holding his baby brother.

IFAD / S. Nimeh

Chapter 3 Water

Tegla Loroupe, world-renowned athlete, is very happy with a sponge full of water after the Lewa Safaricom race.

Fred Hoogervorst

Chapter 4 Food

A farmer in Nyeri holding a bunch of carrots in her hands.

IFAD / G. Pirozzi

Chapter 5 Biodiversity

A portrait of two Grevy's zebras.

Dreamstime.com / Marinacano

Chapter 6 Tourism

Schoolchildren at elephant sanctuary with Nairobi National Park in the background.

Fred Hoogervorst

Chapter 7 Wood

A woman collecting fallen tree branches for fuelwood.

IFAD / S. Nimeh

Chapter 8 The Upper Tana: Patterns of Ecosystem Services and Poverty

Woman walking in the foothills of the upper Tana River,

Kirinyaga District.

Norbert Henninger

Tributary of the Tana River in the foothills of Embu District.

Norbert Henninger

Cropland in Ndunduri in the foothills of Embu District.

Jenny Olson

Tea plantation at the edge of the Mount Kenya Forest Reserve.

Jenny Olson

Back Cover

A woman collecting fallen tree branches for fuelwood.

IFAD / S. Nimeh

New farmland in former wetland close to Amboseli National Park.

Jeffrey S. Worden

Table of Contents

Planting a Seedling for Better Decision-Making	iii
Executive Summary	vi
Building Partnerships for Better Poverty-Environment Analyses	x
Preface	xi
A Reader's Guide	xii
Introduction	1
► Chapter 1 Ecosystems and Ecosystem Services	2
The Importance of Natural Resources in the Economy of Kenya	3
Understanding Ecosystem Services and Processes	4
Major Ecosystem Components: A National View of Kenya	5
► Chapter 2 Spatial Patterns of Poverty and Human Well-Being	12
Population Density, Poverty Rate, and Poverty Density	15
Poverty Gap and Resources Needed to Close the Gap	18
Measures of Inequality and Housing Quality	21
► Chapter 3 Water	24
Water Supply and Demand	26
<i>(Rainfall; Rivers and Drainage Networks; Demand Versus Supply of Water)</i>	26
Water-Based Ecosystem Services	30
<i>(Drinking Water; Water Supply in Urban Areas; Electricity Generation; Crop Production; Livestock and Wildlife)</i>	30
Water as a Hazard: Flooding	37
► Chapter 4 Food	42
Food and Livelihoods	43
<i>(Sources of Food; Predominant Strategies for Food and Livelihoods; Importance of the Agriculture and Food Sector; Croplands)</i>	43
Food Crops: Major Supply Areas	48
<i>(Food Cropping in Central and Western Kenya; National Trends of Selected Food Crops)</i>	48
Livestock Products	51
<i>(Dairy in Central and Western Kenya; Livestock in the Rangelands)</i>	51
Food from the Wild	55
<i>(Fishing and Fish Farming; Hunting and Gathering)</i>	55

► Chapter 5 Biodiversity	62
Selected Indicators of Biodiversity	64
<i>(Distribution of Mammal Species; Key Sites for Bird Diversity)</i>	65
How People Affect Kenya's Biodiversity	67
<i>(Intensity of Cultivation; Agriculture and Biodiversity Conservation; Impact of Rangeland Development on Biodiversity)</i>	67
Losing and Gaining Wildlife	71
<i>(Trends in Spatial Distribution of Wildlife; Local Declines in Selected Wildlife Species; Wildlife Areas and Species in Recovery)</i>	73
► Chapter 6 Tourism	80
Links Between Ecosystem Services and Tourism	81
<i>(Building a Sustainable Tourism Industry)</i>	81
Key Ecosystem Assets for the Tourism Sector	82
<i>(Spatial Distribution of Wildlife with High Tourism Value; Coastal Ecosystems that Support Tourism)</i>	83
Nature-Based Tourism: Infrastructure, Visitor and Revenue Trends, and Spatial Diversification	86
<i>(Trends in the Tourism Economy and Visitor Distribution; Use of Protected Areas: Visitor Trends and Revenue Generation)</i>	87
► Chapter 7 Wood	94
Overall Distribution of Woody Biomass	96
<i>(Forests and Tree Cover; Plantations and Woodlots)</i>	97
Key Supply Areas for Firewood and Charcoal	100
<i>(Firewood Collection and Charcoal Making; Growth of Biomass and Potential Harvest)</i>	100
► Chapter 8 The Upper Tana: Patterns of Ecosystem Services and Poverty	108
Landscapes, People, and Poverty	109
<i>(Landforms; Population, Road Network, and Administrative Units; Spatial Patterns of Poverty)</i>	110
Water-Related Ecosystem Services	113
<i>(Indicators Examined; Drinking Water Use and Poverty; Irrigation Efforts, Other Water Uses, and Poverty; High Share of Piped Drinking Water and Small-Scale Irrigation Efforts)</i>	113
Food-Related Ecosystem Services	119
<i>(Indicators Examined; Food Cropping and Poverty; Milk Production and Poverty; High Food Cropping and High Milk Output)</i>	119
Biodiversity- and Wood-Related Ecosystem Services	125
<i>(Indicators Examined; Number of Agricultural Crops and Poverty; Woodlots in Cropland and Poverty; High Number of Agricultural Crops and High Share of Woodlots in Cropland)</i>	125
Lessons Learned and Next Steps	134
Acknowledgments	138
List of Abbreviations and Acronyms	140
Sources	141
